

Saturday 12th October wedding barn dance with caller Dick, Lucy, Stephen & Luke in the band. **Booking with [SONGBIRD](#) who provided music for the ceremony and drinks reception ([extra services on website](#))**

Hi Lucy,

WOW! We just wanted to thank you a million times over for everything you and the Woodsiders did for us last weekend. All of the music was absolutely perfect.

I've had so many people say how lovely it was to come in to Here Comes The Sun (especially on a drizzly day!) and you nailed our first dance too! Just thinking about any of those songs brings out the biggest possible smile on my face.

I hope Dick has recovered from trying to instruct everyone how to strip the willow!! We had so much positive feedback about how much everyone loved the ceilidh - old, young, two left feet or two right feet, it was perfect. Everyone seemed to genuinely enjoy themselves and I couldn't help but join in despite being trodden on during every spin!

We are so thrilled that we decided to go down the route of a ceilidh, and I would highly recommend it to anyone who wants something a little different at a wedding or party.

It went down an absolute treat!

Thanks again, and all our love,

Emily & Ben
